

PRODUCTS CATALOGUE

We took our first step to Chocolate and Confectionery sector on the Gaziantep Araban Road in 2003.

OUR STORY

Driven by growing demand from both domestic and international customers, we are dedicated to delivering superior quality across our entire range of chocolates, nougat, coconut bars, wafers, and breakfast products.

To support this mission, we have continually invested in expanding our capabilities, operating today from a state-of-the-art facility spanning 80,000 m² indoors and 10,000 m² outdoors.

CREATING 174 DISTINCT FLAVORS ACROSS 34 UNIQUE BRANDS

Listening to our customers, we strategically grew our production capacity, first launching a dedicated wafer line in 2016. This expansion culminated in 2024 with the completion of our sixth line, allowing us to deliver our full wafer portfolio to markets across the globe.

Our organizational philosophy is built on three pillars: a belief in our people, strict hygiene standards, and sustainable quality management. Through devoted R&D, we focus on crafting innovative delicacies and premium presentations. Our standing in the sector is proof that true dedication to quality always yields results. Tören Çikolata remains committed to serving you with the same care and fresh tastes.
